Great food | handmade & fresh every day

How **fresh**
is fresh?

food
for thought

every day
by request

We don't supply meat or fish that we haven't cooked, or pastries or cakes that we haven't baked. Our chefs never need to defrost because everything is made the day you need it with only the freshest ingredients. In fact, it seems like the only thing we don't do that's fresh is lay our own eggs.

It's your choice

The cost is tailored to suit your budget and the menu is tailored to suit your requirements.

Whatever the time of day and wherever you are in the North West, we are the caterers that you can utterly depend on. By Request will be there when you need us with great food, handmade and fresh every day.

Finger Buffets - designed for less formal occasions, where you simply need a plate.

Fork Buffets - a good choice where facilities and space are available for guests to sit down.

Canapés - ideal for both formal and informal gatherings where you'd like to offer "a little something" to accompany a drink.

Fine Dining - creating a 4 star informal or formal restaurant in your own office, whatever time of day.

We supply free napkins, cutlery and crockery, fresh flowers: we don't charge for menu planning, tablecloths, hot plates, delivery or collection and of course, we always do the washing up.

In addition we can provide glassware, an extensive wine list, soft drinks, tea and coffee, waitress service, extra furniture and floral decorations.

For sample menus, to discuss your business or private catering requirements, to chat through an idea, simply call By Request.
